Hello Nikki,
Here's a new rule petition related to shrimp fishing. Kelly and Craig will let you know who will be the point person in the fish program.

Thank you,

Annie Szvetecz (she/her)

Subject: Request for Rule Change

External Email

Hello
The purpose of this email is to request an immediate rule change to allow recreational fishing for non-spot shrimp when spot shrimp is not open.
Please consider allowing opening non spot shrimp immediately.
Fishing seasons are few and far between as it is; it seems unnecessary to wait so long to open coon stripe season.
It is a fun family activity and there seems to be plenty of quota to allow this.
Thank you,
David Moe
