

Master Hunter Permit Program **Testing Policy**

Purpose & Scope

The Washington Department of Fish and Wildlife (WDFW) established the Master Hunter Permit Program (MHPP) to effectively manage wildlife in instances when a higher proficiency and demonstrated skill level are needed for resource protection or public safety.

The purpose of this policy is to establish written examination requirements and procedures for any individual who participates in an MHPP examination (hereafter referred to as „Test Candidate“). Additionally, these policies and procedures will ensure all Master Hunter examinations are administered in a uniform and consistent manner.

Test Candidates who fail to abide by this policy or any procedures herein may be removed from the examination process and/or suspended or barred from the MHPP.
