April 20, 2021

WASHINGTON COASTAL DUNGENESS CRAB INDUSTRY NOTICE

Beginning at **8:01 am** on May 1, 2021, permitted gear recovery will be allowed in all coastal waters between the Washington/Oregon border (46° 15.00) and the US / Canada Border, including the Columbia River, Willapa Bay and Grays Harbor. **Gear recovery will not be allowed in any SMA closed to state licensed fishermen.**

Due to unprecedented demand for summer buoy tags, WDFW is issuing multiple different types of summer buoy tags this season. This notice is to inform gear recovery participants of the different types of buoy tags present this summer.

Summer Tags: **Not recoverable during the in-season gear recovery May 1-Sept 15, 2021.**

Recoverable tags: **Can be recovered after May 1st with state issued permit.**

A PERMIT IS REQUIRED to participate in this program.

- TO REQUEST A PERMIT contact:** Robert Morgan at 360-480-8596
robert.morgan@dfw.wa.gov

Permit holders will be exempt from lost and found property laws allowing them to keep any crab gear they recover or to make arrangements to return the gear to the original owner. ***This permit does not allow the recovery of crab gear owned by tribal fishers.***

In regard to final deposition of recovered gear, remember that it is always an option for those participating in the permitted gear recovery program to give the owner of any gear they recover the right of first refusal.

To allow for data collection and monitoring of the program, gear recovery permits will require:

- That the permit is on board the participating vessel anytime it is engaged in recovery operations or has recovered gear onboard.
- Notification to Department staff (**by calling Sergeant Brian Alexander (Westport) at 360-580-6200 or Sergeant Todd Dielman (Ilwaco/Chinook) at 360-581-3423**) 2-hours prior to returning to the dock if any gear was recovered.
- Recording all recovered gear in a special logbook specific to derelict gear recovery (this logbook will be provided with your permit.)
- Registration, inspection and marking of all recovered gear prior to removing it from the participating vessel.

In order to locate and recover as much abandoned crab gear as possible the Department has set up an abandoned gear reporting hotline for coastal areas. Any information on the specific location of crab pots that are not actively fishing will aid to the success of the permitted gear recovery project.

To report lost or abandoned crab gear call 360-480-8596 and leave as much information as possible including, your name, phone number, general location, latitude and longitude and approximate amount of lost gear. Information on derelict crab gear can also be provided electronically by using the WDFW online reporting form at the following link: http://wdfw.wa.gov/fish/derelict/derelict_gear.html
