7      7A      7B      8      8A      9A      10      11      12      12A      12C      13

When a limited participation fishery is authorized, the department will contact fishers from the priority register at least twenty-four hours prior to the opening of the fishery. When a fisher cannot be contacted after reasonable effort, the department will select the next name, until the maximum number of allowable units of gear is reached. If not reached, the fisher's name will remain at the priority position, but the fisher may not participate in that limited participation fishery. Agreement to participate, or declining to participate, will remove the fisher from the priority position, and place the name at the bottom of the priority list. (WAC 220-354-050)
