

Puget Sound Commercial Crab
Dealer Quick Report

The Dealer Quick Report form is an electronic reporting tool that commercial Dungeness crab dealers and buyers can use to report the purchase of commercial crab to Puget Sound State commercial crab fishery managers.

This form is not intended to capture tribal landings. Do not report tribal landings.

Quick Report Description

Commercial dealers/buyers submit daily total landings of Dungeness crab caught by non-tribal commercial harvesters by crab management region within Puget Sound. It is required to submit these reports by 10:00 AM following the day of purchase.

Dealer Details 💌
What date did you purchase crab on?*
10/6/2021

The **Dealer Details** page captures the name, dealer license ID number, and contact information for each submitted report.

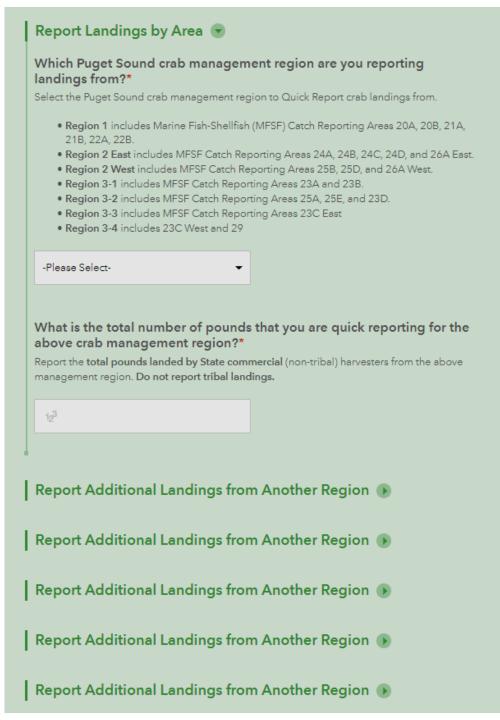

Date: Choose the date that the landings/purchases occurred for the entire day. If landings are being reported for multiple days separate reports must be submitted.

Dealer Name: Input the name of the dealer that the license is issued to. If you are a buyer working under a dealer license, input the name of the dealer listed on your buyer's license card.

Dealer ID: Input the 6-digit number on the issued dealer license. This information is listed on your dealer license card.

Email: Include the email of the person submitting the report. This information will be used by managers to clarify any questions regarding report details.

Next: Hit 'Next' after completing page 1 to advance the Landings by Area reporting page.

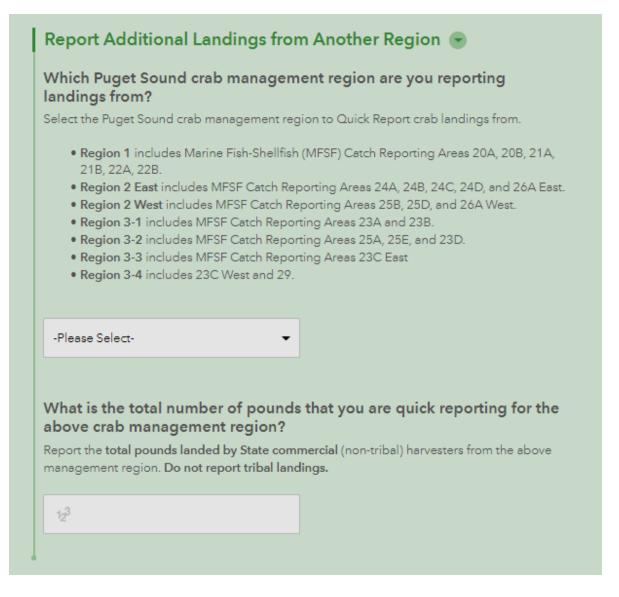

The **Landings by Area** page is designed to capture the total pounds landed by a dealer from each crab management area. This is the total pounds landed for all landings made each day.

Crab Management Region: Select the Crab Management Region that you are reporting total daily landings from.

Total Pounds: Input the total amount of crab purchased from the Region selected above for this day's report. Do not include tribal landings.

Additional Regions: If you purchased crab from more than one Crab Management Region on this reporting day, click on 'Report Additional Landings from Another Region' to report catch from another region. See below.

Back

Submit

Report landings/purchases from additional Crab Management Regions for a given day by clicking the first 'Report Additional Landings from another Region' line.

Crab Management Region: Select the additional Crab Management Region that you purchased crab from for this day's report.

Total Pounds: Input the total pounds of crab landed for the selected region for this reporting day.

Submit: Once you have completed entering the day's total landings for all regions, hit 'Submit' to send your report to Puget Sound State commercial crab fishery managers.

You will see a success page once your report is submitted. You can then link to current landings or submit another report.
