Columbia River and Tributary Fishery Reports

Updates: Mainstem and tributary

Columbia River tributaries

Salmon/Steelhead:

Tributary Weir Report: Current status as of November 2, 2021.

This section will provide operational status of the resistance board weirs run in Southwest WA. Additional information for these and other weirs will be available in the coming weeks.

Grays River Weir - located upstream of the Highway 4 bridge ~.3 miles. **Uninstalled** and removed from waterway.

Elochoman River Weir - located upstream of the Foster Road bridge ~.5 miles. **Installed** and operating. Removal expected late December following coho run.

Green River Weir - located at the North Toutle Hatchery. **Installed** and operating. Removal expected week of 11/01 after coho brood needs are met.

Coweeman River Weir – located at river mile 6.8 near the end of Allen Street in Kelso. **Uninstalled** and mostly removed from waterway.

Kalama River Weir - located at the Modrow Trap facility. **Uninstalled** and mostly removed from waterway.

Cedar Creek Weir – located 0.25 mile from the mouth with the NF Lewis. **Uninstalled** and removed from waterway.

Washougal River Weir - located at the Fords Game Access Site. **Uninstalled** and removed from waterway.

Public is asked to be aware of personnel and equipment in the water as weirs are removed for the season.
