Hello,

Thank you for taking the time to review and comment on our proposal for the Spokane Hatchery Renovation. Regarding hazardous waste, we will test materials as needed and follow all appropriate measures to ensure compliance with the Hazardous Waste and Toxics Reduction Program. Regarding shorelands and floodplains, all appropriate permits will be obtained from Spokane County including, but not limited to, shoreline permits, critical areas permits, and a floodplain development permit. If you have any further questions, please don't hesitate to reach out. We look forward to working with Ecology on this and future projects.

Thanks,

Alex Laughtin (*she/her*)
