#### Hanford Reach fall Chinook salmon "Adult Broodstock Collection" (formerly "King of the Reach" derby)

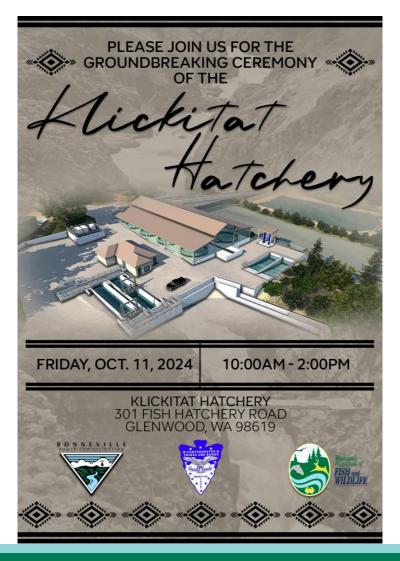

#### Drought and Heat

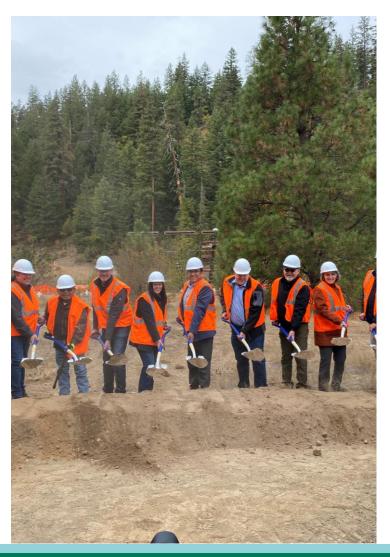

#### **Klickitat Hatchery Update**

## **Regional safety**

# A culture of commitment

- A culture change with a commitment focus
- We are committed to providing a safe work environment and committed to each other
- This drives us to do the right thing because we care about each other, not just to avoid noncompliance
- We are implementing a program in which ALL WDFW employees are represented by a safety committee
- We are sharing best practices, raising concerns, and staying current on WDFW policies, programs and procedures
- Region 3 has a dedicated Safety Professional

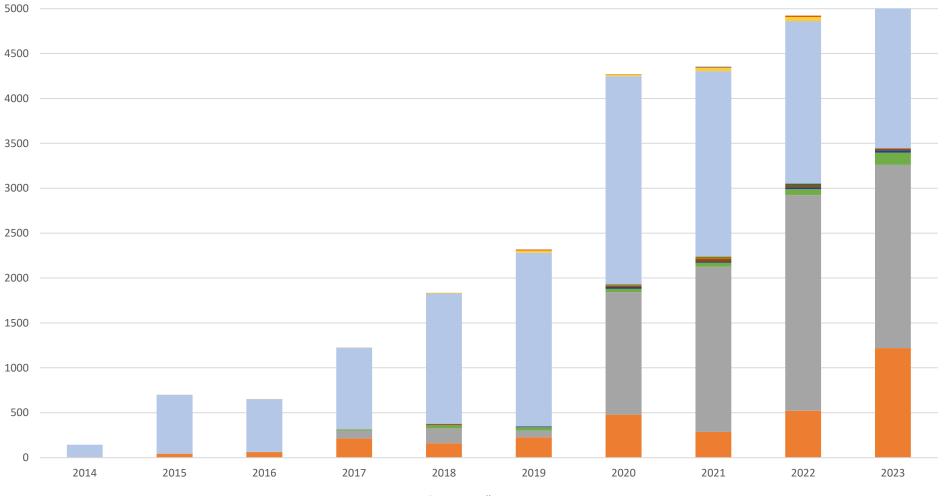

### Habitat management

#### I-90 Snoqualmie Pass wildlife over/under pass project

#### Wildlife Crossings at New I-90 Structures by Species and Year

### **Yakima Basin Integrated Plan**

## Yakima Basin

Basin size: 6,155 square miles Population: 360,000 \$4.5 billion agriculture economy Historically, second only to Snake River in supporting Columbia Basin salmon and steelhead runs

## Our YBIP progress: 2013-2024

#### Cle Elum Dam Fish Passage

- Adult and juvenile passage
- \$220M innovative project
- Cost Share Federal/State
- Operational 2026
- Successful trial Spring 2024

# Juvenile Passage Facility Celebration July 25<sup>th</sup>

JULY 24, 202

WEDNESDAY, 12:30 P.M.

CLE ELUM DAM | PLEASE ARRIVE AT 12:00 P.M. TO PARK SEE REVERSE FOR MAP TO EVENT SITE

RECLAMATION Fish passage facilities at Cle Elum Dam will:

577

Facilitate restoration of salmon and steehead populations in the CLE bum River to allow a return of one of the largest sockeye salmon runs in the lower 48 states Benefit threateness species like built trout, steehead, and recently reintroduced species including sockeye and coho salmon.

THE BUREAU OF RECLAMATION, CONFEDERATED TRIBES AND BANDS OF THE YAKAMA NATION, THE STATE OF WASHINGTON, AND GARCO CONSTRUCTION INC. INVITE YOU TO

**FISH PASSAGE** 

CELEBRATION

IOIN THEM IN CELEBRATING THE HISTORIC MULSIONE OF OPENING UP NEARLY 30 MILES OF CRITICAL FISH HABITAT ABOVE CLE BLUM DAM AND RESERVOIR.

In conjunction with preparation for the fish passage facilities, the Vakama Nation and Washington Department of Fish and Wildlife have developed a reintroduction plan for anadromous fish pecies above Cle Eum Dam, such as sockeye and coho salmon, spring Chinook salmon, summer steelhead, and Pacific Lamprey.

Please join us as we celebrate groundbreaking of the Adult Collection Facility and completion of the Juvenile Fish Passage Facility construction as envisioned under the Yakima River Basin Integrated Water Resources Management Plan.

Please wear sturdy footwear (clased toe, boots preferred). Parking is limited: please carpool if possible. Salmon bake sponsored by the Yakama Nation will be held following the groundbreaking

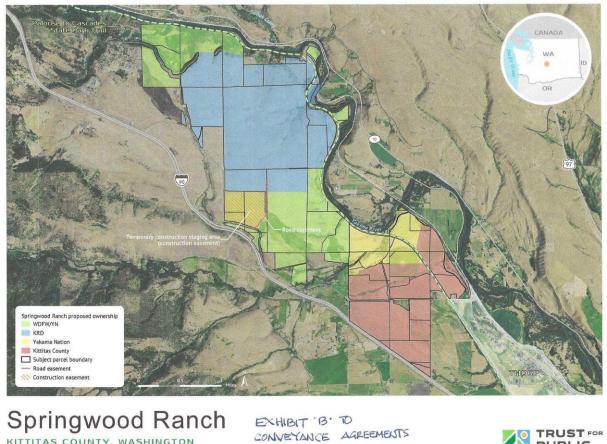

## Adult collection facility Groundbreaking

# Springwood Ranch Update
