Phone: 253-372-2181 Conference ID: 592 395 394#

INSTRUCTIONS FOR JOINING THE MEETING

There are two ways to join the Teams meeting:

1. Following the link- click on the link in the agenda or email. If your computer does not already have the Teams application, it will need to download the program. Once downloaded, your internet browser will open and provide prompts to join the meeting, you will be able to see presentations, and video (if used).
 - a. *Note: if you're having issues with connectivity try turning off your camera. You will still be able to see presentations but will use less bandwidth sending video.*
2. By phone- Call the phone number and wait until the operator prompts you to enter the conference ID. Then enter the number including pound sign, you will be in a lobby until admitted by someone in the meeting.

With either of these methods we ask that you mute yourself while others are speaking, this prevents extraneous noise and feedback.
