

# Environmental Quality Incentives Program

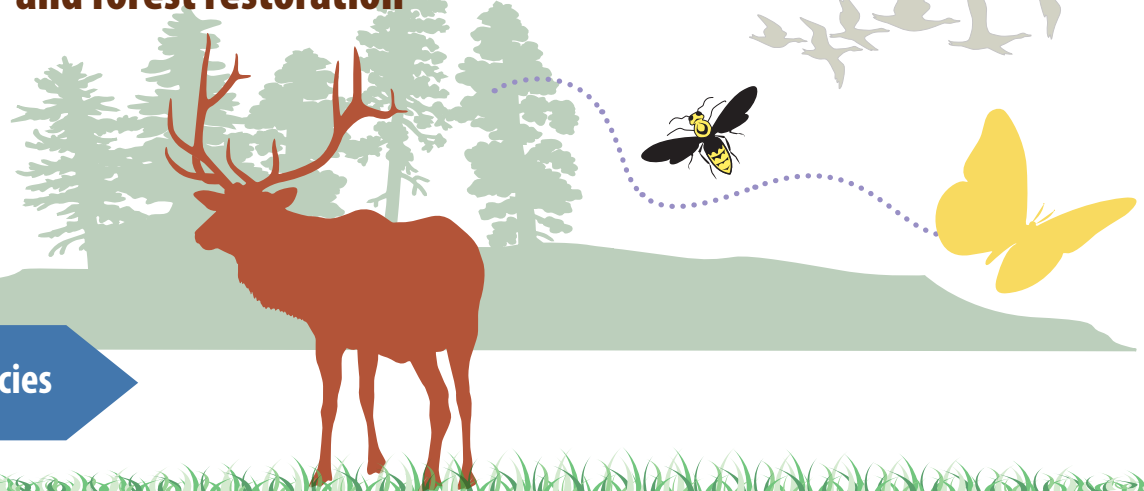

Why increase the funding for the Environmental Quality Incentives Program?

**\$16.4 million**  
in financial assistance  
to landowners in 2016-17

**Provides resources to  
producers impacted by  
wildfires for rangeland  
and forest restoration**

**Funds contribute  
to a wide spectrum  
of conservation practices**

**Improves habitat for game and non-game species**

An illustration of a brown fish swimming in a stream with reeds and cattails.

**INVESTS**  
in fish passage and screening

**ENHANCES**  
instream and riparian habitat

Used for  
Olympia  
Oyster  
Restoration

Working lands  
**Conservation**
