- Yes No If Yes, explain:

Purpose: The purpose of this rulemaking is to regulate the commercial salmon fisheries in Willapa Bay and Grays Harbor. These rules are part of a comprehensive suite of rulemaking packages to implement the new 2022-2023 salmon seasons for Washington State, developed through the broader North of Falcon process pursuant to the Fish and Wildlife Commission's North of Falcon Policy C-3608 for 2019-2023.

The North of Falcon process typically begins in January and consists of government-to-government meetings involving the National Marine Fisheries Service (NMFS), treaty tribes, and WDFW representatives. Separate meetings are held with stakeholders—both at a statewide and regional level—to review preseason run size forecasts, NMFS guidance relative to allowable impacts for species listed under the Endangered Species Act, which includes salmon, but other protected species as well, such as Southern Resident Killer Whales.

Stakeholder meetings specific to the Willapa Bay and Grays Harbor fisheries were held in February, March, and April, and the public hearing on the proposed rules was held on June 22, 2022. The comprehensive North of Falcon meeting schedule and the meeting agendas, handouts, and audio recordings of the public meetings are available on WDFW's website at: <https://wdfw.wa.gov/fishing/management/north-falcon/public-meetings>

While these rules regulate only commercial fisheries, the seasons specified in these rules are an integral part of implementing commercial and recreational fisheries in a coordinated manner pursuant to the Willapa Bay Salmon Management Policy C-3622 and Grays Harbor Basin Salmon Management Policy C-3621. As such, the commercial fisheries for 2022-23 are structured in a manner intended to consider and provide both commercial and recreational fishing opportunities in Willapa Bay and Grays Harbor, while ensuring conservation requirements and management objectives in federal and state laws and regulations, state/tribal harvest management agreements, and Fish and Wildlife Commission policies are met.

Even though drafted as amendments to preceding rules, these new amendments function as a coordinated and unitary fishery rulemaking package for the 2022-23 fishery season, and thus substantively replace prior years' fisheries in Willapa Bay and Grays Harbor. Specifically, these rules replace and supersede the language in WAC 220-354-250 for the Willapa Bay salmon fall fishery and WAC 220-354-290 for the Grays Harbor salmon fall fishery in their entirety.

Included in the Fish and Wildlife Commission's North of Falcon Policy C-3608 for 2019-2023 is a delegation of authority to the Director of the Washington Department of Fish and Wildlife to adopt the implementing regulations, including this rulemaking, resulting from the North of Falcon process.

(c) It is unlawful to use a gillnet to fish for salmon if the lead line weighs more than two pounds per fathom of net as measured on the cork line.

(d) It is permissible to have a gillnet with a lead line weighing more than two pounds per fathom aboard a vessel when the vessel is

fishing in or transiting through Willapa Bay, provided the net is properly stored. A properly stored net is defined as a net on a drum that is fully covered by a tarp (canvas or plastic) and bound with a minimum of ten revolutions of rope that is 3/8 (0.375) inches or greater.

(e) From 12:01 a.m. August ((20)) 26 through 11:59 p.m. November ((15, 2021)) 16, 2022: Mesh size must not exceed six and one-half inches stretched, except mesh size must not exceed four and one-quarter inches stretched in Area 2N on August ((20, 27)) 26, September ((3, 10, 12, 14, 16, and 18)) 2, 7, 12, 13, 15, 16, and 17, Area 2M on August ((27)) 26, September ((3, 10, 14)) 2, 7, 12, 13, 15, and 16, and Areas 2T and 2U on September 16 and ((18, 2021)) 17, 2022.

Each chamber of the recovery box must include a water outlet hole opposite the inflow that is at least 1-1/2 inches in diameter. The center of the outlet hole must be located a minimum of 12 inches above the floor of the box or chamber.
