**Agency:** Department of Fish and Wildlife (Order 24-41)

**Effective date of rule:**

**Emergency Rules**

- Immediately upon filing.
- Later (specify) April 1, 2024

**Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?**

- Yes  No If Yes, explain:

**Purpose:** Closes clam, mussel, and oyster harvest at Kopachuck State Park, a beach that is currently described as open April 1 through May 31 in permanent rules. This action will close the beach to accommodate construction at the park in 2024. Proposed seasons for 2024 have been adopted in permanent rulemaking but there was insufficient notice of construction to adopt the permanent rule for this change.

**Citation of rules affected by this order:**

- New:
- Repealed:
- Amended: WAC 220-330-110; WAC 220-330-140
- Suspended:

**Statutory authority for adoption:** RCW 77.04.012, 77.04.020, 77.12.045 and 77.12.047

**Other authority:**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This rule is needed to close recreational clam, mussel, and oyster harvesting opportunities at Kopachuck State Park for the duration of the 2024 season due to major construction in the park that will prevent access to the tidelands and present safety considerations. Permanent rules currently describe seasons as open from April 1 through May 31 at this beach. Proposed seasons for 2024 have been adopted in permanent rulemaking but there was insufficient notice of construction to adopt the permanent rule for this change.
