EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Harvestable amounts of spot shrimp are available, but recreational shares will only support a limited number of open days in the Marine Areas listed in this section. In addition to recreational seasons previously scheduled in WSR 24-09-024 (filed April 9, 2024) and WSR 24-12-030 (filed May 28, 2024), and WSR 24-13-035 (filed June 10, 2024) this emergency rules opens all-species shrimp seasons in Marine Area 8-1, Marine Area 8-2, and the Elliott Bay portion of Marine Area 10 on July 10; and in Marine Area 12 on June 28. This rule is needed to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and meet conservation objectives. There is insufficient time to adopt permanent rules.
