**WAC 220-415-100 Cougar hunting seasons and regulations.** (1) As used in this section and in the context of general cougar hunting seasons, (~~("harvest guideline" means the estimated allowable harvest; the actual harvest may be less than or more than the harvest guideline)~~) "cap" is based on the best available estimate of cougar density and growth rate. Currently those parameters are estimated at 2.3 cougars per 100 square kilometers and 13 percent intrinsic growth rate. The cap includes all known human-related independent-aged cougar mortality (including harvested cougars, cougars killed in response to conflicts, and any other form of human-caused cougar mortality).

(2) (~~(Early)~~) General cougar season is September 1st to (December 31st, late general cougar season is January 1st to April 30th of the following year) March 31st. Hunters can use any legal weapon to hunt cougars.

(~~Harvest guidelines:~~

~~(Implied density in parentheses))~~ (3) In PMUs that reach the 13 percent cap prior to the recreational hunting season starting, the cap will be increased to 20 percent of the population to provide hunting opportunity in those PMUs. When all known human-related independent-aged cougar mortalities in those PMUs meet or exceed 20 percent of the population, the season shall close in those PMUs. Additionally, if opened, the season shall close within 72 hours of that number being reached.

~~((a) In hunt areas with a ((harvest guideline)) cap, the cougar ((late)) hunting season ((may)) shall close ((on or after January 1st)) in one or more ((GMUs)) PMUs if cougar ((harvest)) mortality meets or exceeds the ((guideline)) cap.~~

~~((b) In hunt areas with a ((harvest guideline, starting January 1st)) cap, cougar hunters may hunt cougar ((from January 1st)) until the hunt area ((harvest guideline)) cap has been met, and the department has notified licensed cougar hunters by posting the hunt area closure on the department's website and on the toll-free cougar hunting hotline, or ((April 30th)) March 31st, whichever occurs first.~~
