**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** Permanent rules regulating state commercial shrimp harvest in Puget Sound and the Strait of Juan de Fuca require the adoption of harvest seasons contained in this emergency rule. This emergency rule is necessary to prosecute state commercial shrimp trawl fisheries in Puget Sound. This rule closes a quota area to commercial harvest following the projected attainment of the available harvest. These rules are in congruence with co-manager agreements. There is insufficient time to adopt permanent rules.
