**Other authority:** None

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This emergency rule is necessary:

1. Because of a change in the availability of federal crop insurance, continuing education training for crop adjusters has resulted in the department being unable to comply with existing rule. This has rendered the department unable to assess crop damage claims by current department contracted adjusters. This change will allow for substitution of experience for the federal license and allow claims to continue to be processed with only a state license.
2. To comply with recently enacted state statutes resulting from Substitute Senate Bill 5784.

This emergency rule was first filed on May 31, 2024 under WSR# 24-12-051 and is being extended to provide coverage while the permanent rule is being developed. The permanent rule making related to this emergency rule was filed under WSR# 24-16-048 on July 30, 2024.
