EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to close Chinook retention in North Fork Toutle River. Broodstock collection at the North Toutle hatchery is lower than anticipated. Modifying fisheries to restrict Chinook retention will help the hatchery meet broodstock collection goals while allowing continued fishing for coho salmon. There is insufficient time to adopt permanent rules.
