EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is needed to open recreational crab seasons in Marine Area 11. Preliminary summer recreational harvest estimates indicate that sufficient quota remains in Marine Area 11 to open recreational crab harvest beginning November 1. Marine Areas 4 East of the Bonilla-Tatoosh line, 5, 6, 7, 8-1, 8-2, 9, and 12 north of a line projected true east from Ayock Point have been open since October 1, 2024, and will remain open. Marine Area 12 south of a line projected due east from Ayock Point, Marine Area 10, and Marine Area 13 will remain closed until further notice. This rule is necessary to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and meet conservation objectives. There is insufficient time to adopt permanent rules.
