EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to open a portion of Puget Sound Management and Catch Reporting area 12C to Purse Seine and Gillnets fisheries beginning the week of Monday November 11, 2024. To date, To date, Puget Sound commercial chum catch, escapement, and hatcheries suggest sufficient abundance to allow the opening of a portion of 12C. There is insufficient time to adopt permanent rules.
