**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This emergency rule is needed to adjust the pre-season purse seine vessel test fishing schedule for the following vessels, the F/V Harbor Gem, the F/V Lisa Marie and the F/V Tradition in week 46 from Wednesday November 13 to Thursday November 14, to conduct test fisheries in the waters of Puget Sound Salmon Management and Catch Reporting Areas 9, 10 and 11. The schedule adjustment is necessary to avoid inclement weather predicted for Wednesday and to ensure staff safety. These test fisheries are necessary to collect Genetic Stock Identification (GSI) data and to inform the in-season update models; and have been agreed to by comanagers. This information is necessary to sustainably manage Puget Sound chum fisheries. There is insufficient time to adopt permanent rules.
